FEATURES OF THE 2014 CATALOG

The National Public Seating® logo represents the Superior Strength, Quality, and Value our customers have come to expect of the NPS product line.

The **2014 Catalog** brings you the nation's most complete *In-Stock Quick Ship* line of Folding Chairs & Tables, Stack Chairs, Science Lab Tables & Stools, and Performing Arts Furniture, offering a solution for almost every institutional furniture need.

CORE STRENGTHS

QUICK SHIP

All orders ship from stock within 48 hours. Our company was founded on this guiding principal 17 years ago, and we remain true to it today.

QUALITY

We strive to use materials of only the highest quality in the construction of our products, delivering the best value for your customers.

Look for this symbol throughout the catalog:

While the entire NPS Folding Chair line meets ANSI/BIFMA standards, including a 300lb. seat drop test, most have recently passed more stringent testing for 600lbs. of static weight and 480lbs. of moving weight on the seating area.

WARRANTY

We offer a most comprehensive 10-Year Warranty on our entire product line. See back cover for details.

ENVIRONMENTAL

We embrace many Eco-friendly practices, making us a "Green" manufacturer. See full Environmental statement on back cover.

Look for these symbols throughout the catalog:

Our entire product line is **MAS Certified Green®**. For more information, visit www.mascertifiedgreen.com

SittingGreen® is NPS's environmentally responsible, eco-friendly, folding chair line which adheres to ANSI/BIFMA #X7.1-2007 VOC emissions standards (criteria #1- TVOC, Formaldehyde, All Aldehydes & 4-Phenylcyclohexene), provides LEED points (option 4.5 for Furniture) for Green buildings, and provides points in the BIFMA "Level" program, criteria #1.

MARKETING

We provide a full array of marketing materials to support our dealers' sales efforts. YouTube Videos, Product Sell Sheets, Product Focus 101, and more, are available for print and online use.

Plus, look for these symbols throughout the catalog:

Scan these with your smart phone to instantly view and download powerful videos and other marketing material.

Folding Chairs

When it comes to folding chairs, National Public Seating's specifications have become the barometer by which all other's are measured.

FIND ON PAGES 4-9

Folding Tables

National Public Seating got its start in 1997 by introducing the nation's most comprehensive line of Quick Ship institutional grade Folding Chairs and Tables, and has remained committed to this since that time.

FIND ON PAGES 10-15

Stacking Chairs

National Public Seating is proud to present its In-Stock Quick Ship Line of Stack Chairs in a huge variety of styles & colors for every application in your organization.

FIND ON PAGES 16-19

Science Lab

NPS® now offers the complete Science Lab package. A staple in school labs nationwide, we offer the perfect stool and table for every need.

FIND ON PAGES 20-23

Music Room

NPS® offers the complete music package, including the patented Melody Chair, the Melody Stand and many dollies and accessories.

FIND ON PAGES 24-27

Performing Arts

National Public Seating® has broadened its line of public seating products to include a full array of Stages & Risers to fill the needs of assembly requirements and performance applications.

FIND ON PAGES 28-31

folding chairs

When it comes to **folding chairs**, National Public Seating's specifications have become the barometer by which all other's are measured.

Our basic **Series #50** features a 19-gauge frame, double riveted "U" brace for leg support, and is available in four popular color choices.

The **Series #200** and **#300** are all built on an award winning 18-gauge frame with double riveted "U" braces and our signature square, double-contoured back for ergonomic support and comfort. While the Series #200 offers two hinges and two cross braces, the #300 features two hinges and three cross braces.

1 1/4-inch padded chairs in both vinyl and fabric are built on both the #200 and #300 frames, creating the **#1200, #1300, #2200** and **#2300 Series**, plus the **#3200 Series**; a two-inch seat popular in the worship market, which is available with a textured painted frame and four designer fabric choices. #2200 series is now available in popular color choice: Midnight Black #2210.

Also part of this line is our best-seller; the **#800 Polyfold Series**. Built on the #200 Series frame, but with a lightweight polypropylene seat & back, this stackable folding chair offers the best of both worlds. Available in five color choices, it is simply the best selling institutional folding chair on earth. Recently introduced, is the **#1100 Polyfold Series** with the #800 frame & seat/back, but also with a fanback for comfort and ergonomics. Both these chairs are complemented with special dollies for stacking purposes.

NPS offers a complete line of storage and transport **Dollies / Caddies** that provide a material handling solution for all NPS furniture.

folding tables

National Public Seating got its start in 1997 by introducing the nation's most comprehensive line of Quick Ship institutional grade Folding Chairs and Tables, and has remained committed to this since that time.

Our line of **Blow-Molded HD Polyethelene Folding Tables** are the only kind in the industry; built on a 17-gauge frame, for true support strength ranging from 700-1000 lbs. without table bowing.

The **#BT3000 Series** has wishbone-style legs for strength, support and aesthetics, and has a unique molded design to withstand the rigors and demands of Institutional use. In addition to the four traditional sizes available are two rounds.

All American Colors new line of adjustable height tables and chairs utilize the same superior specifications as the #BT3000 Series in primary colors red and blue.

The **#BT1800 Series** brings Blow Molded Tables to a whole new level, by combining the strengths of plastic with the benefits of a cantilevered leg, for training and conference room applications. Also popular as scoring tables, they are available in three popular sizes.

The **#600 Series** is a matching blow molded folding chair line, built to the same heavy duty standards as the tables (see pages 8 and 12.) A full array of matching transport dollies are available.

Plastic Flip-n-Store Tables; an industry first. Building on a popular concept, we have introduced a Blow Molded High Density Polyethelene Table in a 24" x 60" size that flips open and closed for easy use & storage. Easy to clean and lightweight, including wire management cable channels & grommets, this bestseller is furnished in grey with a top that is as smooth to write on as laminate!

TABLES FOR EASY STORAGE

A new concept for any training room, conference room or seminar set-up. Blow-molded, high-density polyethylene table in a 24" x 60" size that flips open and closed for easy use and storage. Easy to clean and lightweight (48 lbs.) Equipped with dual levers, allowing for easy tabletop folding. The tables nest together for space-saving storage and roll on four 2" casters (two locking). These multi-purpose tables make it easy to keep your electronic devices connected

and charged throughout the presentation by using the dual grommet holes for wire management. The tables come equipped with a perforated steel modesty panel with a built-in cable channel to conceal wires. The frame and legs are made of gray hammer-tone powder-coated steel and can support 700 lbs. of weight. Table tops are speckled grey and are amazingly smooth to write on!

stacking chairs

National Public Seating is proud to present its In-Stock Quick Ship Line of Stack Chairs in a huge variety of styles & colors for every application in your organization.

With frames fabricated of high grade tubular steel or with solid steel rod construction and seats/back made of either high density cushions or plastic construction, we have a style and color for every application.

The **#9000 Group** are the perfect choice for auditoriums, worship centers, conference centers, etc., while the **#8000 Group** are built for the specific requirements of cafeterias, lounges and training rooms. All materials used are of ASTM513 standards and all finished products meet or exceed ANSI/BIFMA standards for safety and durability.

The #9000 Group begins with the **#9100 Value Stacker**; a basic tubular steel low back stack chair with 1½" pullover seat cushion available with vinyl. Popular as an affordable solution for all seating venues, it includes a 19-gauge frame, underseat bars, and cushions of high quality upholstery. #9100 Series is now available in a **New** classic color combination: French Beige Vinyl / Black Frame #9101-B.

Most popular in the series is the **#9200 Dome-Back Stack Chair**, which has a full 2" thick waterfall seat cushion built on a plywood core with fabric or vinyl of only the highest grade materials.

Top of the line in this series is the **#9300 Silhouette Stacker** for the most upscale environments. In addition to all the frame and cushion features of the #9200, it features a crown style backrest with a concealed double back for a more refined look.

The **#9500 Teardrop Style** is popular in the Hospitality and Worship markets. With curved seat, pin dot style fabrics, and three exciting combination options, this high-end stacker is truly top of the line.

Our **#8000 Group** has the perfect frame style and plastic or cushion seat/back for each chair's unique function. The **#8500 Series** is built on a solid rod frame with seats/back in four plastic color choices.

While similar in looks, the **#8600 Signature Sled Base Stack Chair**, is built on a tubular rod frame with four attractive fabric choices, including a **New** Ebony Black Fabric #8660.

The **#8100 PolyShell Chair** is available in three one-piece shell color choices on a chrome tubular frame.

science lab & stools

NPS® now offers the complete Science Lab package. A staple in school labs nationwide, we offer the perfect stool for every need.

Now matched to a complete line of Chemical Resistant Science Tables, we offer stools in a huge variety of IN-STOCK Quick Ship choices.

Built with a heavy duty 18-gauge frame with four spot welds connecting the foot ring at each leg, our stools are built to last.

Choose from our bestselling **#6200 Series**, built with a masonite hardboard seat, or the **#6400 Series** padded seat. Optional chrome-plated adjustable height legs and/or adjustable backrest provide a myriad of options for your venue.

#6200 Series Stools are available in grey powder-coated frames, and the 18"H & 24"H, standard or adjustable height models are also available in black.

Also available is the **#6300 Series** square stools and **#6500 Adjustable Height Series**, which swivel 360° on a round padded vinyl seat, most popular for industry and material handling applications.

Matched to our high quality Science Tables in twenty four sizes & options, we now offer a complete science lab package. Tables offer a choice of book compartment or standard apron, with an industry top-of-the-line ashwood frame and legs. Available in Chem-res tops for middle school ages and in a Phenolic Resin top for higher grades as well. Available in 36" height as well.

The patented **Melody Chair®** has been received by music programs with enthusiasm nationwide!

music room

To meet the unique demands of the musical performance environment, the Melody Music Chair is designed band-pitch style with a seat to back angle of 97°, allowing for maximum breathing capability.

The frame is built with strong 7/8", 16-gauge square tubing, with a 14-gauge rear seat brace. Companion **Chair Dolly DY82** is chrome plated and stacks up to 18 melody chairs!

The **Model #82MS** Music Stand is a great addition to our music furniture series. The durable desk is made with strong 22-gauge aluminum and has rolled steel edges to protect instruments and preserve the stand. It is coated with black textured finish that resists scratches and chipping. The stand vertically adjusts to range from 24"-46" (lip to floor), using our spring loaded adjustable tube. Reading surface desk features simple tension tilt that provides smooth adjustment and strong tension at any position.

Our new and improved Music Stand Carts are designed to easily transport and store our #82MS music stands. The **#DYMS10** holds ten stands; with its lightweight design it is easy to move a fully loaded unit up and down stairs. The **#DYMS20** holds twenty stands and is easy to maneuver. Constructed with strong zinc-plated heavy duty steel for long-lasting performance. Handles are soft rubber covered for extra comfort.

New for 2014: the **Model #FAUTH**, Flex Arm Universal Tablet Holder, converts the #82MS Music Stand into a Tablet Stand for reading digital music notes. It can also be used as a Tablet Holder for many other NPS products.

We now offer the complete music package!

National Public Seating® has broadened its line of public seating products to include a full array of Stages & Risers to fill the needs of assembly requirements and performance applications.

performing arts

Whether your venue requires single height portable stages, multiple levels, or entire stage configurations, NPS offers affordable prices, quick ship and superior craftsmanship to provide you with the best value. Combine stages of the same height to construct one large stage, or use progressive heights for seated band or choral riser configurations. Choose from hardboard surface, or carpeted in your choice of blue, green, grey or red.

Built with 16-gauge steel frames and premium grade plywood core, these carpeted or hardboard stages are durable and portable. Legs are made with 14-gauge tubular steel and outfitted with spring-loaded easy to open and close support brackets, for quick set-up and safe use.

Portable Seated Riser configurations in ring, oval, or bow styles are put together using multiple stage sets and pie-shaped units are ideal for events that require choir/band participants attention guided to the center. Also great for maintaining an organized appearance at performances and to help facilitate instruction during practice. Guardrails are included for safety.

Portable Choral Standing Risers are also easy to set up and allow for quick arrangement for all performance venues. Units easily attach to one another to provide multi level heights. Available in both straight and tapered units, allowing for continuous or semi-circle arrangements.

The **Trans-Port Riser Unit** eliminates the need to set up multi level risers. The Trans-Port is a unitized three-level carpeted choral riser that conveniently allows set up in seconds. Unit is outfitted with built in wheels making it easy to transport from room to room and load into a vehicle. Built with 14-gauge legs our unit is strong, safe, and durable. The Trans-Port is built with aluminum frames making it much lighter than a steel frame unit but is just as strong. Multiple units can be connected, using our straight or tapered units to create a variety of configurations.

Accessories include stage dollies, steps, guardrails, chair guards and skirting. The dolly allows you to conveniently store and transport up to six stages; 36" or 48" from place to place, safely. Built with 14-gauge tubular steel and rolls on four 5" casters. Steps are made of high grade plywood edged in vinyl T-molding. Polypropylene textured grey surface and handrails prevent users from slipping. The black frame is built with 14-gauge steel tubing and clamps securely to the stage at any point. Unit rolls on two wheels for easy setup. Choose one of three convenient heights to match 16", 24", and 32" stage setups. **Guardrails are recommended while using any of our stages or risers to ensure safety,** and are available in different sizes to accommodate your setup. Black in color, they assemble and install easily. Shirred or box pleat style skirting is available in multiple sizes and colors and includes mating velcro.

- Band-pitch style with a seat back angle of 97 degrees
- Durable Polypropylene contoured seat for extra comfort
- Can be stacked 18 high on our DY-82 with 4 stack bumpers to protect finish
- Weighs 12 lbs
- Available Colors: Black

82MS / MELODY MUSIC STAND

DIMENSIONS: OVERALL: Desk measures 20 1/2"W x 12 1/2"L and stand adjusts from 24"–46"

- Stand is 18-gauge, 1" O.D. steel
- Tension tilt surface for smooth adjustment and holds strong in any position
- Powder-coated in black to match Melody Music Chair
- Rubber floor tips included to prevent noise and scratching

READING SURFACE Reading surface is manufactured with a strong lightweight aluminum providing extra strength and durability.

NECK ASSEMBLY The new neck assembly provides an even tighter fit on the pole. An aluminum cap washer has been added which will prevent any possibility of peeling paint.

POLE MECHANISM With the updated spring loaded mechanism, we guarantee that the height adjustments (available from 24" to 46") will be extremely smooth and quiet.

ADJUSTABLE POLE Smooth tight fit allows for ease of use in quiet musical environments.

CAP WASHER Aluminum cap washers used for neck assembly prevents loosening.

BASE CYLINDER Screw-on attachment requires no tools.

WEIGHT CAPACITY 11 lbs.

FAUTH / FLEX ARM UNIVERSAL TABLET HOLDER

An inexpensive way to create multi use furniture.

- Weight: 3lb
- Height: 23.5" Flex
- Supports Screen Size: 6" - 11"

8500 Series / HI-TECH ULTRA COMPACT STACKER

DIMENSIONS: OVERALL: 31"H x 17 1/2"W x 22 1/2"D

SEAT: 17"H x 17 1/2"W x 17 1/4"D

- Optional removable bookrack & tablet arm; Tablet arm measures 11 1/2" x 20" laminated in Black
- Features an 11 mm solid steel rod with chrome plated frame
- Injection molded textured polypropylene plastic seat and back
- Specialized polyethylene glide with enhanced notching system for secure fit
- Reinforced underseat ribbing and EZ-Grip handle for added durability when lifting and stacking
- Optional ganging clamps available
- Can stack up to 40 high on DY85 dolly
- Available Colors: Gunmetal Navy Wine Black

8600 Series / SIGNATURE LIGHTWEIGHT FABRIC PADDED STACK CHAIR

DIMENSIONS: OVERALL: 33"H x 19"W x 21"D

SEAT: 19"H x 16"W x 16"D

- Features a 5/8" 17-gauge tubular frame with 5/8" frame strengthener
- Contoured Seat and Back for Enhanced Comfort
- Fabric and Foam are Cal-117 Rated
- Scotchguarded fabric is rated to 150,000 double rubs
- Non-Marring floor glides
- Can stack up to 20 high with our DY-86 Dolly
- Available Colors: Black Classic Grey Diamond Navy Diamond Burgundy

Banquet Stack Chairs

9100 Series / VALUE STACKER

DIMENSIONS: OVERALL: 33"H x 17 1/2"W x 20"D

SEAT: 18"H x 15 3/4"D x 15"D

- Features a Sturdy 3/4" square frame 19-gauge steel tubing with non-marring plastic glides
- Steel Standard: ASTM A513
- Foam Standard: 1.8lb. density, 46 ILD
- Seat is cushioned with 1 1/2" of high-density Grade A foam
- Vinyl & Foam are Cal-117 rated
- Available with thick .80MM vinyl
- Tapered back has built-in handhold
- Eight plastic stack bumpers protect the powder-coated frame finish
- Stack 8-10 high with DY81 or DY9000 dollies

9200 Series / DOME-BACK STACKER

DIMENSIONS: OVERALL: 34"H x 17 1/2"W x 21"D

SEAT: 19"H x 16"W x 16"D

- Features a 7/8" Square-tube 18-gauge steel frame with 5/8" under seat and H-braces
- Steel Standard: ASTM A513
- Foam Standard: 1.8lb. density, 46 ILD
- 2" thick Grade A foam; cushion is double stitched with a spacious 34"H x 16"W x 16"D waterfall seat
- Available in choice of institutional grade fabrics rated to 67,000-130,000 double rubs or thick .80MM vinyl
- Fabric and Foam are Cal-117 Rated
- The back has a convenient handhold for easier moving and stacking
- Stacking bars and 12 plastic stack bumpers ensure stacking securely without damaging the attractive powder-coated frame finish.
- Stack 8-10 high with DY81 or DY9000 dollies

9300 Series / SILHOUETTE STACKER

DIMENSIONS: OVERALL: 36"H x 17 1/2"W x 23"D

SEAT: 19"H x 16"W x 15"D

- Features a 7/8" Square-tube 18-gauge steel frame with 5/8" under seat and H-braces
- Steel Standard: ASTM A513
- Foam Standard: 1.8lb. density, 46 ILD
- Waterfall seat, padded with 2" of 1.8lb. high-density Grade A foam with double-stitched box seat
- Features a concealed double back with 4 covered metal tabs for a more refined look.

- Self-leveling double flower metal glides providing smooth movement and lasting hold of glide to frame.
- Built-in stack bar and 12 plastic stack bumpers help prevent wear and tear
- Stack 8-10 high with DY81 or DY9000 dollies

Caddies

84 / CHAIR CADDY

DIMENSIONS: OVERALL: 67" W x 33 1/4"D x 70"H – weight 100 lbs.

- 7-gauge main frame features channeled steel with tube in tube design at peak stress point of frame for added strength and stability
- 14-gauge cross braces
- 16-gauge hanging rods
- Heavy duty caster features 325lb. weight capacity and measures 4" x 1 1/4"
- Swivel wheels for easy gliding
- Chair capacity 84 standard folding chairs
- Dark Brown Powder Coated Steel
- Optional EXT-8 Extension Bar Available

84-60 / CHAIR CADDY

DIMENSIONS: OVERALL: 67" W x 33 1/4"D x 70"H – weight 105 lbs.

- 7-gauge main frame features channeled steel with tube in tube design at peak stress point of frame for added strength and stability
- 14-gauge cross braces
- 16-gauge hanging rods
- Heavy-duty caster features 325lb. weight capacity and measures 4" x 1 1/4"
- Swivel wheels for easy gliding
- Capacity to hold 60-70 coats when two coat rods are in place. Coat rods can be removed to store up to 84 Folding Chairs
- Dark Brown Powder Coated Steel

42-8 / CHAIR CADDY

DIMENSIONS: OVERALL: 67" W x 33 1/4"D x 70"H – weight 88 lbs.

- 7-gauge main frame features channeled steel with tube in tube design at peak stress point of frame for added strength and stability
- 14-gauge cross braces
- 16-gauge hanging rods
- Heavy-duty caster features 325lb. weight capacity and measures 4" x 1 1/4"
- Swivel wheels for easy gliding
- Chair capacity to hold 42 chairs and 8-10 tables either steel or plastic
- Dark Brown Powder Coated Steel

Model # 42-8-60 / CHAIR CADDY

DIMENSIONS: OVERALL: 67" W x 33 1/4"D x 70"H – weighs 102lbs.

- 7-gauge main frame features channeled steel with tube in tube design at peak stress point of frame for added strength and stability
- 14-gauge cross braces
- 16-gauge hanging rods
- Heavy-duty caster features 325lb. weight capacity and measures 4" x 1 1/4"
- Swivel wheels for easy gliding
- Chair capacity to hold 42 chairs and 8-10 tables
- Includes two coat rods
- Dark Brown Powder Coated Steel

Model # 84/42-60-8 / CHAIR-TABLE-COAT CADDY

- DIMENSIONS:** OVERALL: 67" W x 33 1/4" D x 70"H - weighs 122lbs.
- 7-gauge main frame features channeled steel with tube in tube design at peak stress point of frame for added strength and stability
 - 14-gauge cross braces
 - 16-gauge hanging rods
 - Heavy-duty caster features 325lb. weight capacity and measures 4" x 1 1/4"
 - Swivel wheels for easy gliding
 - Interchangeable middle bar; one for hanging-chairs or straight bar for folding tables
 - Two coat rods
 - Dark Brown Powder Coated Steel

DY3072 & DY3096 / FOLDING TABLE DOLLY

- DIMENSIONS:** DY3072 OVERALL: 43"H x 31"W x 74"L - DY3096 OVERALL: 43"H x 31"W x 90.25"L
- 1" O.D. steel handle provides stability and ease of handling
 - Holds 4', 5', 6', or 8' tables
 - Laid flat, stacks up to 12 tables high
 - Rolls on 4 casters: 2 swivel and 2 stationary
 - Dark Brown Powder Coated Steel
 - Casters: 4 x 1 1/4" with Weight Capacity of 165 lbs. each / 660 lbs. total (DY3072 - Nylon, DY3096 - Hard Rubber)

DY81 / CHAIR TRUCK

- DIMENSIONS:** OVERALL: 3.5"H x 22 3/4"W x 23 1/2"D with a 5.25"W bed
- 16-gauge, 1.6MM steel
 - Holds up to 10 #8100 or 9000 Series Stack Chairs
 - Black Powder Coated Steel
 - Shipping Class 85

DY-85 / CHAIR DOLLY

- DIMENSIONS:** OVERALL: 26"H x 20 1/2"W x 21"D
- Constructed of 11-gauge steel
 - Chairs load at an angle to maximize stack ability
 - Stacks up to 40 of the 8500 Series
 - Black Powder Coated Steel
 - Hard rubber casters: 4 x 4 1/4"
 - Fully loaded: 20.5"W x 35"D x 77"H

DY-700/800 / CHAIR DOLLY

- DIMENSIONS:** OVERALL: 35"H x 40"W x 19"D
- Constructed of 11-gauge steel
 - 7/8" round tubular handle and 4" polyolefin casters; 2 swivel
 - Stacks up to 36 of the 800 Series
 - Optional strap to tie down chairs during transport and storage
 - Black Powder Coated Steel
 - Nylon casters: 4 x 1 1/4"

DY-1100 / CHAIR DOLLY

- DIMENSIONS:** OVERALL: 39"H x 19"W x 46 1/2"D
- 11-gauge powder-coated steel frame
 - 2 swivel and 2 fixed 4" casters
 - Storage and transport for 1100 Series Folding Chair
 - Holds up to 26 chairs
 - Black Powder Coated Steel
 - Nylon casters: 4 x 1 1/4"
 - Loaded height: 80"

DY60R / TABLE TRUCK

- DIMENSIONS:** OVERALL: 31 1/4"H x 27 3/4"W x 47 1/2"L
- Transportation and vertical storage of 48" & 60" round, plastic or laminate tables
 - Easy handling with 4 casters: 2 swivel and 2 stationary
 - 2 tubular handles
 - Constructed of brown powder-coated steel
 - Distance between wood slats: 27 3/4"
 - Distance from frame to top of handle: 25 1/2"
 - Fully loaded height: 65"H
 - Casters are 4" x 1 1/4"; made of Hard Rubber with weight capacity of 165 lbs. each / 660 lbs. total

DY71R / TABLE TRUCK

- DIMENSIONS:** TOTAL FOOTPRINT: 40 1/2"H x 28"W x 61 1/2"D - FRONT HANDLE: 27 1/4"W x 15"D
- Transportation and vertical storage of 71" round, plastic or laminate tables
 - Easy handling with 4 casters: 2 swivel and 2 stationary
 - 2 tubular handles, 1 front handle
 - Constructed of brown powder-coated steel
 - Distance between wood slats: 27 3/4"
 - Fully loaded height: 76"
 - Casters are 4" x 1 1/2"; made of Hard Rubber with a weight capacity of 165 lbs. each / 660 lbs. total

DY35 & DY50 / FOLDING CHAIR TRUCK

- DIMENSIONS:** DY35 OVERALL: 38 1/2"H x 19 1/4"W x 81"D
DY50 OVERALL: 38 1/2"H x 19 1/4"W x 109 1/2"D
INSIDE WIDTH: 19"W with a 2" lip to accommodate chairs 15 1/4"W - 19"W
- Optional Understage Conversion Kit to store chairs in a horizontal fashion underneath stages 25.5" Height capacity with chairs loaded
 - 7-gauge steel bed
 - Heavy-duty caster features 325lb. weight capacity; 2 swivel and 2 stationary
 - DY50 has extra swivel caster in the middle for support
 - 3 tubular handles-one at each end and one in the middle
 - Dark Brown Powder Coated Steel

DY-9000 / BANQUET STACK CHAIR DOLLY

- DIMENSIONS:** OVERALL: 52"H x 18"W x 34"D
- 1" Round Tubular 16-gauge steel
 - 8"D x 2"W Polyolefin wheels
 - Stacks up to 12 Series 9000 and 8100 Series chairs
 - Ship weight: 26 lbs
 - Dark Brown Powder Coated Steel

DY-82 / DOLLY FOR 8200 SERIES CHAIRS

- DIMENSIONS:** OVERALL: 38"H x 22 3/4"W x 35"L
- 16-gauge, 3/4" round handles
 - 17-gauge, 7/8" square frame
 - Stacks up to 18 series #8200 chairs
 - 4 swivel casters; 1 1/2"
 - Ship weight: 24 lbs
 - Chrome-plated steel

DYMS-10 / DOLLY FOR 82MS MUSIC STANDS

- DIMENSIONS:** OVERALL: 47"H x 27"W x 31"L
- Strong 15-gauge steel frame in chrome for long-lasting performance
 - 10 stand capacity
 - Large wheels measure 2" x 8" and small wheels are 3/4"x2"
 - Handles are covered in soft rubber for extra comfort
 - Plastic covering on holding arm for added protection
 - Lightweight design it is easy to move a fully loaded unit up and down stairs
 - Ship weight: 29lbs.

DYMS-20 / DOLLY FOR 82MS MUSIC STANDS

- DIMENSIONS:** OVERALL: 27"W x 47"H x 59"L
- Strong 15-gauge steel frame in chrome for long-lasting performance
 - Large wheels measure 2" x 8" and small wheels are 1"x5"
 - 20 stand capacity
 - Handles are covered in soft rubber for extra comfort
 - Plastic covering on holding arm for added protection
 - Ship weight: 48lbs.

DY-86 / DOLLY FOR 8600 SERIES CHAIRS

- DIMENSIONS:** OVERALL: 26"H x 21"W x 21"D
- 11-gauge, 1" x 2" angled steel
 - Stacks up to 20 series 8600 chairs
 - Ship weight: 37 lbs

Stools

6200 Series / HEAVY DUTY STEEL STOOLS

- 18"H, 24"H or 30"H sizes fixed and adjustable with an optional backrest
- 7/8" O.D. 18-gauge steel tubing
- Seat is a full 14" diameter with 11 1/2" diameter masonite board is recessed into the pan with 8 rivets and will not chip or crack
- Foot rings, 3/4" O.D. are welded to each leg by 4 contact points at each leg for added rigidity
- Optional backrest; 6"H x 12"W, adjusts up/down and forward/back
- Optional height adjustable legs; adjust in 1" increments up to eight additional inches
- New Black Color option available on: 6218, 6218H, 6224, 6224H

6300 Series / HEAVY DUTY SQUARE SEAT STEEL STOOLS

- 18"H, 24"H or 30"H sizes fixed and adjustable with an optional backrest
- 7/8" O.D. 18-gauge steel tubing
- Features a 14.5"Wx15"D contoured hardboard seat with 16 rivets
- Foot rings, 5/8" O.D. are welded to each leg by 4 contact points at each leg for added rigidity
- Optional backrest; 6"H x 12"W, adjusts up/down and forward/back
- Optional height adjustable legs; adjust in 1" increments up to eight additional inches

6400 Series / HEAVY DUTY STEEL STOOLS WITH VINYL PADDING

- 18"H, 24"H or 30"H sizes fixed and adjustable with an optional backrest
- 7/8" O.D. 18-gauge steel tubing with fixed or adjustable legs
- Seat is 14" diameter with an 11 1/2" diameter 1/2" vinyl padding riveted through the steel seat pan
- Foot rings, 3/4" O.D. are welded to each leg by 4 contact points at each leg for added rigidity
- Optional vinyl padded backrest; 6"H and 12"W and adjusts up/down and forward/back
- Optional height adjustable legs; adjust in 1" increments up to eight additional inches

6524HB / ADJUSTABLE PREMIUM SWIVEL STOOL W/ BACKREST-GRAY

- Height adjustable from 24 - 28"
- 3/4" O.D. 16-gauge steel tubing
- Swivel seat 360 degrees
- Foot rings, 5/8" O.D. are welded to each leg by 4 contact points at each leg for added rigidity

6600 SERIES ELEPHANT Z-STOOL / HEAVY DUTY CHROME PLATED STOOLS WITH BLOW MOLDED SEAT

- 18"H, 22"H or 24"H sizes fixed with an optional backrest
- 12-gauge chrome-plated eye-shaped tubular steel frame
- Ergonomic blow molded contoured seat providing maximum air comfort
- U-shaped sled base legs with specially designed glides to be used on multiple floor types - including VCT tiles
- Glides are permanently attached with embedded Thermoplastic Polyurethane (TPU) and provide quiet and smooth gliding on all floor types
- Nests on tabletops for easy cleanup and storage
- Optional blow molded contoured backrest
- Foot rests made of 12-gauge chrome eye-shaped tubular steel with Polyurethane protection (available on 22"H and 24"H models)

Tables

SLT2448/SLT2454/SLT2460/SLT2472/SLT3060/SLT3072/SLTL-36

SCIENCE LAB TABLE

- 30"H & 36"H tables available in 24" & 30" width
- 24"W table available in 48", 54", 60" and 72" lengths
- 30"W table available in both 60" & 72" lengths
- Solid ash legs and apron
- Optional book compartments measuring 14 1/4" L x 12 3/4" D x 4"H
- Legs attach with metal on metal double bolt through assembly on 13-gauge steel corner braces
- Rubber liquid protecting boots
- Adjustable glides for accurate leveling

Top Finish Options:

- Black, Chem-Res high-pressure laminate top on a 1 1/8" thick core. Resistant to 13 chemicals:

NO.	CHEMICAL COMPOUND	CHEMICAL NAME	STAIN GRADE	TEST METHODS
1	NaOH (40%)	Sodium Hydroxide	0	NEMA LD3-2005
2	H ₂ O ₂ (3%)	Hydrogen Peroxide	0	NEMA LD3
3	HCl (37%)	Hydrochloric Acid	0	NEMA LD3
4	CH ₃ COOH (99%)	Acetic Acid	0	NEMA LD3
5	H ₂ SO ₄ (98%)	Nitric Acid	0	NEMA LD3
6	HNO ₃ (65%)	Nitric Acid	0	NEMA LD3
7	H ₃ PO ₄ (85%)	Phosphoric Acid	0	NEMA LD3
8	HF (48%)	Hydrofluoric Acid	0	NEMA LD3
9	Formaldehyde (37%)	Formalin	0	NEMA LD3
10	NH ₄ OH (25%)	Ammonia	0	NEMA LD3
11	Phenol	Phenol	0	NEMA LD3 - 2000
12	Na ₂ S	Saturated Sodium Sulfide	0	NEMA LD3 - 2000
13	CCl ₄	Carbon Tetrachloride	0	NEMA LD3 - 2000

- Black, solid 3/4 phenolic resin composite thermo-fused under heat and pressure to form a solid black chemical resistant panel.
- Highly impervious to most chemicals, acids, corrosions, stains and moisture.
- Meant for tough use, comparable to Epoxy Resin tops, Emission free, UV Resistant
- Solid phenolic throughout allowing for easy care and maintenance

BT3060/BT3072/BT3096

LIGHTWEIGHT BLOW MOLDED FOLDING TABLES

- Available in 3 rectangular sizes – 60", 72", 96"
- 1 3/4" thick top for the BT3060 & BT3072
- 2" thick top for the BT3096
- Lightly spotted grey top w/ grey textured powder coated wishbone shaped legs.
- 17-gauge strength frame; 18-gauge legs
- 1,000lb. weight capacity on BT3060, BT3072
- 800lb. weight capacity on BT3096
- Stack up to 12 high on DY3072 and DY3096
- Can withstand heat up to 212 degrees Fahrenheit
- Gravity slide lock or snap lock, for extra stability
- Lightly textured surface to resist scratching yet smooth enough to write on

BT48R/BT60R/BT71R

LIGHTWEIGHT BLOW MOLDED ROUND FOLDING TABLES

- Available in 3 round sizes – 48", 60", 71"
- 2" thick top
- Lightly spotted grey top w/ grey textured powder coated straight legs
- BT60R: 17-gauge strength frame; 18-gauge legs
- BT48R & BT71R: 19-gauge strength frame and legs
- 1,000lb. weight capacity on BT60R
- 700lb. weight capacity on BT48R & BT71R
- Holds up to 10 tables in DY60R and DY71R
- Can withstand heat up to 212 degrees Fahrenheit
- Gravity slide lock or snap lock, for extra stability
- Lightly textured surface to resist scratching yet smooth enough to write on

BTA-3072

ALL AMERICAN COLORS BLOW MOLDED FOLDING TABLES

- Available in 72"L rectangular size
- 1 3/4" thick top
- Lightly spotted grey top w/ grey textured powder coated Pedestal style legs.
- BTA-3072 comes in primary colors Red or Blue & is height adjustable from 22"-32"H.
- 17-gauge strength frame
- 1,000lb. weight capacity
- Stack up to 12 high on DY3072 and DY3096
- Can withstand heat up to 212 degrees Fahrenheit
- Gravity slide lock or snap lock, for extra stability
- Lightly textured surface to resist scratching yet smooth enough to write on

BT1860/BT1872/BT1896

LIGHTWEIGHT FOLDING SEMINAR TABLES

- Available in 3 sizes; 60"L, 72"L & 96"L by 18"W
- 2-inch thick top
- Lightweight for easy set-up and transport
- 700lb. weight capacity
- Lightly spotted grey top w/ gray textured powder coated legs
- BT1860 & BT1872: 18-gauge strength frame
- BT1896: 17-gauge strength frame
- 16-gauge cantilevered comfort legs set 11" from back of table; no more banged up knees!
- Stack up to 12 high on DY3072 and DY3096
- Can withstand heat up to 212 degrees Fahrenheit
- Lightly textured surface to resist scratching yet smooth enough to write on

BPFT

PLASTIC FLIP-N-STORE TABLES

- Tops are made of lightweight HDPE blow molded plastic.
- Tops are furnished with two grommet holes for wire management.
- Equipped with dual levers, allowing for easy tabletop folding
- Tables nest together for space-saving storage.
- Frame and legs are made of grey hammer-tone powdercoated steel and includes a perforated steel modesty panel for an attractive design.
- Modesty panel features a built-in cable channel to conceal wires.
- Tables are equipped with four 2" casters (two locking) making them easy to roll.
- Tables tested to support up to 700 lbs. and are guaranteed for ten years.
- MAS certified Green®
- Tables are lightweight weighing only 48 lbs. and are easy to assemble.
- Opened dimensions are 60"L x 24"W x 29 1/2"H
- Folded dimensions are 43 1/2"H x 60"L x 24 1/2"W
- Tabletop thickness: 1 3/4"
- Gauge of steel: 16 gauge
- Carton dimensions are 62"L x 29" W x 9" D. Carton weight 58 lbs.
- Ships with UPS oversize or by truck at class 85.

Stages & Risers

PERFORMANCE STAGES AND SEATED RISERS

INCLUDES 36"W AND 48"W STAGES STAGE PIECES, STAGE PIES, & STAGE SETS

- Constructed with 3/4" solid plywood core
- Available with carpet in choice of 4 colors or 1/8" thick tempered hardboard
- 16-gauge, 1-13/16" high formed steel channel frame reinforced with 16-gauge steel angle welded to the inside of the channel
- 14-gauge steel tubing capped at the point of floor contact with high impact plastic glides
- Legs open and close using only one hand
- Stages and risers equipped with drop-in couplings that allow units of same or different heights to be joined together
- All ganging devices are permanently secured to each unit
- Exceeds 200 lbs. per square foot load bearing capacity
- Available in 36" and 48" widths
- Comes in 4 heights; 8", 16", 24" and 32"
- Skirting available for all stages in 2 styles; shirred pleat and box pleat
- Optional Stage Pies for semi-circle arrangements
- 3 step heights available to connect to 16"H Stages and above
- Optional Guardrails recommended for safety. Guardrails are 14-gauge
- 10-year warranty

CHORAL RISERS / RS AND RT SERIES

- Constructed with 3/4" solid plywood core
- Available with carpet in choice of 4 colors or 1/8" thick tempered hardboard
- 16-gauge, 1-13/16" high formed steel channel frame reinforced with 16-gauge steel angle welded to the inside of the channel
- 14-gauge steel tubing capped at the point of floor contact with high impact plastic glides
- Legs open and close using only one hand
- Equipped with drop-in couplings that allow units of same or different heights to be joined together
- All ganging devices are permanently secured to each unit
- Exceeds 200 lbs. per square foot load bearing capacity
- Comes in 4 heights; 8", 16", 24" and 32"
- Straight and Tapered units for continuous and semi-circle configurations
- Optional Guardrails recommended for safety
- 10-year warranty

TRANS-PORT RISER

- Available in three 18" wide levels; 8", 16" and 24" high that are permanently joined with hinge mechanisms to enable the unit to open and close in a unified fashion
- Each unit is equipped with wheels for easy transportation when folded and to allow for easy positioning after set up
- Riser levels supported by a 3" deep, double walled, extruded anodized aluminum frame that overlaps the top of each level to protect the carpet edge
- Riser platforms constructed of 3/4" plywood, surfaced with polyolefin carpet
- Optional guardrails constructed of black epoxy powder-coated tubular steel and equipped with clamp-on attachments for easy installation
- Straight or Tapered units available for various configurations
- Now avail. 4th Level Add-On: TPA: 18-1/8"W x 72 1/2"L x 32 1/2"H TPR: 18"W x 79"L x 32 1/2"H
- Standing Capacity: TPR: 15-18 adults (with 4th level) #TPA: 20-23 TPR: 11-14 adults (with 4th level) #TPA: 16-19
- 10-year warranty

Stage Accessory Parts

STP16/STP24/STP32 / STEPS FOR STAGES

DIMENSIONS: STP16: 36"W x 14"D x 48"H, 42 LBS. STP24: 36"W x 28"D x 56"H, 72 LBS. STP32: 36"W x 42"D x 63"H, 110 LBS.

- Made of high grade plywood edged with vinyl t-molding - Frame is powdercoated in black
- Steps coated with Polypropylene textured surface - Color of steps is grey
- Frame is built with 14 gauge steel tubing - Unit rolls on two wheels

GRR24S/GRR32S/GRR24T/GRR32T / BACK GUARDRAILS FOR RISERS

DIMENSIONS: GRR24S: 94"L x 66"H, 51 LBS. GRR32S: 94"L x 74"H, 55 LBS. GRR24T: 70"L x 66"H, 40 LBS. GRR32T: 76"L x 74"H, 43 LBS.

- For use with Straight & Tapered Risers - Top and bottom horizontal tubes are 1 1/2" O.D.
- Black powdercoated steel - Middle horizontal tubes are 1" O.D.
- All tubes are 14 gauge steel - Ends of tubes are outfitted with high impact plastic flower end-caps.
- Vertical tubes are 1 1/4" O.D.

GRTPR3 / GRTPR4 / BACK GUARDRAILS FOR TRANS-PORT RISER

DIMENSIONS: GRTPR3: 70 1/2"L x 66 1/4"H, 69 LBS. GRTPR4: 70 1/2"L x 74 1/4"H, 75 LBS.

- For use with Straight & Tapered Trans-port Risers - Top and bottom horizontal tubes are 1 1/2" O.D.
- Black powdercoated steel - Middle horizontal tubes are 1" O.D.
- All tubes are 14 gauge steel - Ends of tubes are outfitted with high impact plastic flower end-caps.
- Vertical tubes are 1 1/4" O.D.

SGRTP3 / SGRTP4 / SIDE GUARD RAILS FOR TRANS-PORT RISERS

DIMENSIONS: SGRTP3: 59 1/4"L x 63 1/2"H, 10 LBS. SGRTP4: 79 1/4"L x 71 5/8"H, 11 LBS.

- For use with Straight & Tapered Trans-port Risers - Vertical and horizontal tubes are 1 1/4" O.D.
- Black powdercoated steel - Ends of tubes are outfitted with high impact plastic flower end-caps.
- All tubes are 14 gauge steel

GRS30/GRS36/GRS48 / GUARDRAILS FOR STAGES

DIMENSIONS: GRS30: 30"L x 30"H, 12 LBS. GRS36: 36"L x 30"H, 13 LBS. GRS48: 48"L x 30"H, 15 LBS.

- For use with stages - Top horizontal tube is 1 1/2" O.D.
- Black powdercoated steel - Middle and bottom horizontal tubes are 1" O.D.
- All tubes are 14 gauge steel - Ends of tubes are outfitted with high impact plastic flower end-caps.
- Vertical tubes are 1 1/4" O.D.

SGR2L/SGR3L/SGR4L / SIDE GUARD RAILS FOR STANDARD RISERS

DIMENSIONS: SGR2L: 57 7/8"L x 30 7/8"H, 8 1/4 LBS. SGR3L: 57 1/3"L x 28 5/8"H, 11 LBS. SGR4L: 77 1/4"L x 30 7/8"H, 12 LBS.

- For use with standard risers - Vertical and horizontal tubes are 1 1/4" O.D.
- Black powdercoated steel - Ends of tubes are outfitted with high impact plastic flower end-caps.
- All tubes are 14 gauge steel

CG28/CG32/CG37/CG44/CG54/CG72/CG81/CG96 / CHAIR GUARDS

DIMENSIONS: CG28: 28"L, 3 LBS. CG32: 32"L, 3 LBS. CG37: 37"L, 3 1/4 LBS. CG44: 44"L, 3 1/2 LBS.

- For use with stages and stage pies - Ends of Chair Guards are outfitted with high impact plastic flower end-caps.
- Tube is made of 1" O.D.
- Tube is 14 gauge steel - Chair Guards are powdercoated in black.

SDL / STAGE DOLLY

DIMENSIONS: 44"L x 30"W x 60" H- WEIGHS 65 LBS.

- Capacity: Six stages
- Can be used for both 36" 48" stages
- Built with 14 gauge tubular steel
- Rolls on four 5" casters
- Black powdercoated steel

environmental statement

At National Public Seating® we are committed to providing quality products while preserving the quality of our environment.

MANUFACTURER'S WARRANTY

National Public Seating® offers the original user a warranty against all manufacturing defects in material and workmanship from date of purchase for ten years. If defective, NPS will, at its option, repair or replace the defective product. This warranty does not apply to damage resulting from misuse, abuse or neglect. Authorization for return and / or repairs is required by contacting your dealer. This warranty gives you specific rights, and you may also have other rights which vary by state.

Orders are accepted under the express agreement that under no circumstances will seller be liable for any incidental or consequential damages, or for any other loss, damage or expense of any kind, including loss of profits, arising in connection with the order or with the use or inability to use seller's products furnished under the order. Seller's maximum liability shall not exceed and buyer's remedy is limited to either (i) repair or replacement of the defective part or product, or at seller's option (ii) return of the product and refund of the purchase price. Such remedy shall be the buyer's entire and exclusive remedy.

Protecting the environment is one of the most important factors affecting the future of the planet. Most people are now aware of the necessity of preserving and protecting nature in order to ensure our well-being and that of our children. Pollution, especially that related to the over-consumption of raw materials, has reached alarming levels due to our current lifestyle. That is why at National Public Seating® we are constantly striving to minimize the consequences of our activities.

At National Public Seating®, the quality of our products and the protection of the environment go hand in hand. As a consumer of raw material, we are committed to the use of pre and post consumer waste (recycled material), while preserving the high quality standards of our products.

Examples of this include:

- **STEEL** - All of the steel for our products contain 30-40% of post-consumer waste (recycled).
- **CORRUGATED CONTAINERS** - Are made of recycled fiber. 100% total recycled content and 90% post consumer content minimum.
- **PLASTIC** - Our plastic products contain up to 35% of pre-consumer waste.
- **WOOD** - 100% of wood used for our products comes from non-boreal forests.
- **POWDER COATING VS. LIQUID FINISHES** - Our products are powder coated and are highly protective to our environment. While liquid finishes contain solvents which have pollutants known as volatile organic compounds (VOCs), powder coating contains no solvents and releases negligible amounts, if any, of VOCs into the atmosphere. In addition, most powder coating overspray that does not adhere to the part is retrieved and reused, virtually eliminating the waste commonly found in liquid finishing processes.
- **ENERGY** - During November 2008, National Public Seating®, completed a retrofit of all its lighting (over 800 fixtures), to eco-friendly units, saving 135,586 kWh annually. This reduction in energy consumption has an environmental impact equivalent to removing 20 cars from the road, 84 tons of greenhouse gas (CO2) and saving 198 barrels of oil annually!
- **AIR EMISSIONS** - Our Folding Chairs are manufactured within ANSI BIFMA X7.1 2007 VOC Air Emission guidelines; Criteria #1 - TVOC, Formaldehyde, All Aldehydes & 4-Phenylcyclohexene.
- **MAS CERTIFIED GREEN** - The entire NPS® Product Line is now MAS Certified Green™, a nationally recognized registered trademark delineating low VOC emitting products in the marketplace so that purchasers and specifiers of those products know that they can earn credits in sustainability programs like LEED, BIFMA's Level, and California CHP program.
- **SOLAR ENERGY** - As the industry leader in institutional-grade furniture, including portable folding furniture for lunch rooms, training rooms, etc., & furniture for worship halls, science labs, music programs, performing arts, cafeterias & others, NPS® continues to trailblaze in setting the standard for environmental stewardship. In addition to minimizing its eco footprint in the areas of raw material sourcing, energy consumption & air emissions, NPS® is proud to announce a major solar panel installation on the roof of its 200,000 square foot factory facility in its corporate headquarters in Clifton, NJ, completed Summer 2011. Via the installation of a 240KW solar PV system on its roof, we will offset most of the local utility's need to burn oil and gas for electrical production in the public grid and therefore reduce greenhouse gas emissions into the atmosphere. Since we will be generating 80% of the electricity that we use with this system, we have cut our carbon footprint significantly.
